QUESTION NO ★96

DATE OF PUBLICATION IN INTERNAL QUESTION PAPER: 26 APRIL 2017
(INTERNAL QUESTION PAPER NO. 10)

★96. Mr F Essack (Mpumalanga: DA) to ask the Minister of Water and Sanitation:

What mechanisms are in place to monitor water wastage in municipalities? CO139E

---00000---

REPLY:

My Department does have a monitoring programme, which is implemented in the municipalities across the country. Water use data collected as part of the monitoring programme is captured in the South African customised International Water Association (IWA) water balance spreadsheet to generate information on water losses. This generated information is used to assess if respective municipalities are using water efficiently or not.
