Upper Olifants CMF charter adopted

26 May 2017

Stakeholders in the Upper Olifants Catchment Management Forum adopted their charter during their meeting held on Thursday, 25 May 2017 at the Nkangala District Municipality.

The charter is the guiding document for the catchment management forum to achieve its goals in an integrated holistic sustainable management of natural resources within the Olifants River catchment.

The Upper Olifants Catchment Management Forum provides a platform for dialogue and involvement of the different water stakeholders in the Olifants catchment to contribute to the proper management of the water resources in the Olifants catchment. The forum provides the different stakeholders the opportunity to provide input on the integrated management, conservation and protection of the ecosystem services within the catchment.

During the meeting, Ms Kgaowelo Moshokwa from Anglo Coal was nominated as the chairperson of the forum with the Department providing the secretariat and facilitation services.
