

MEDIA ADVISORY

MORE AREAS IN HAMMANSKRAAL TO RECEIVE WATER AS MINISTER MAJODINA HANDS OVER MODULE 2 AS PART OF THE HAMMANSKRAAL INTERVENTION PROJECT

27 June 2025

Minister of Water and Sanitation, Ms Pemmy Majodina, will on Sunday, 29 June 2025, hand over a completed Module 2 of the Klipdrift Water Treatment Works as part of ongoing efforts to expand access to water services to the people of Hammanskraal. Minister Majodina will be joined by the Gauteng MEC for COGTA, Mr Jacob Mamabolo and the Executive Mayor of Tshwane, Cllr Nasiphi Moya.

The areas that will benefit from this phase of the project will be Majakaneng (On the eastern side of Makapanstad road), Kudube Unit 1, 2, 3, 6, 10 and Unit D, Jubilee Tower, Jubille Direct and Dominican Tower. Module 1 has been supplying water the area of Mandela Village, Marokolong, Ramotse, Kekana Gardens (Steve Bikoville) and Babelegi Industrial since the 6th of January 2025.

The progress registered in Hammanskraal is attributed to the strong collaboration between the Department of Water and Sanitation, the Gauteng Provincial Government and City of Tshwane.

The entire project, consisting of four modules, was initially planned to be completed in 2024, which was later revised to June 2025 for both the package plant and associated works. Unfortunately, persistent heavy rainfalls experienced in the area during the month of January to April negatively affected construction activities. As a result of these challenges and delays, the construction timelines have been re-adjusted to the end of September 2025. Completion of Modules 3 and 4 is scheduled for end of August and September respectively.

The hand over of Module 2 will be followed by a community imbizo session where Minister Majodina, Mayor Moya and MEC Mamabolo will engage with members of the community around issues of water provision in their area.

SOUTH AFRICA IS A WATER-SCARCE COUNTRY
