

CITIZEN SCIENCE FOR WATER PHOTO STORY BOOK

SOUTH AFRICA

Citizen Science for Water – Photo Story Book Access

In celebration of the 50th Anniversary of UNESCO's Intergovernmental Hydrological Programme (IHP), the South African National Committee for UNESCO IHP launched a Photo Story Competition in 2024. Over 70 inspiring submissions were received, highlighting the relationship between water, culture, education, science, and community action. The top 20 photo stories are featured in the Photo Story Book and were exhibited at the UNISA Art Gallery throughout September 2025.

Scan the QR code below to access the Photo Story Book.
