4.	TECHNICAL PRESENTATION
	<p>The technical presentation was conducted by Mr Ngati. Technical presentation is attached.</p> <p>Areas of emphasis:</p> <ul style="list-style-type: none"> • Table of Contents; the bid document was developed in line with the Construction Industry Development Board (CIDB) Standard for Uniformity. • The term "other related work" in this contract refers to electrical works. The tenderer must have demonstrable experience in associated electrical work or subcontract electrical works to suitably qualified electrical contractor(s). • Three (3) DWS operational areas are to be supported under this contract namely: Groblersdal Area Office, Hartbeespoort Area Office, and Tzaneen Area Office. • Goal of DWS is to appoint one contractor per Area Office. DWS reserves the right to appoint more than contractor per Area Office. • If the tenderer wishes to bid for more than one Area Office, the tenderer cannot use the same resources. (Resources mean project team members and vehicles). • Tenderers must have CIDB Grade 5ME or Higher. Tenderer must also have demonstrable experience in associated electrical work or subcontract a CIDB contractor grading of EP. • This is a support contract; being appointed on this contract does not in any way guarantee a right to perform any required work in accordance to this contract. • Cost containment measures as per National Treasury prescripts are applicable in this contract. • In the event of poor performance; DWS reserves the right to utilize contractors across Area Office "borders". • Local Content and Production is applicable for all designated items. As and when required during the three (3) year term of the contract the appointed contractor will be required to complete and submit the relevant documentation for compliance with local content and production requirements. • The appointed contractor must be available 24 hours a day, 7 days a week at the contracted rates. The contractor must be able to provide urgent or emergency services whenever it is required. The Basic Conditions of Employment Act (BCEA) as amended are applicable.

	<ul style="list-style-type: none"> • Annexure E details the procurement procedures to be followed. The procedures may be amended in line with the relevant National Treasury prescripts, DWS delegations, Policies and Structures. Amendments will be communicated with appointed contractor(s). • Contractor's facilities and personnel with relevant qualifications and proven record of executing similar work shall exist at the time of bidding. These facilities shall be available for inspection during adjudication. • The contractor shall with his bid submission indicate which specialist work is intended to be contracted out to specialist companies. The information on subcontractors shall be included in Annexure 1: Schedule of Subcontractors (page 120). • DWS reserves the right to allocate any of the services as listed under technical specification and requirements internally (to DWS technical personnel) or for the work to be done under the normal Departmental procurement regulations, if at the discretion of the employer's agent or his representative it is in the best interest of the Department. • All work carried out on the Department's equipment and premises shall be strictly in accordance with the latest revisions and amendments of the SABS standards (SANS), IEC, ISO, OHS Act, Municipal by-laws, any special requirements of the Local Supply Authority and any other applicable standards and prescripts stipulated by the Employer's Agent's Representative. • Three types of subcontractors <ul style="list-style-type: none"> - For mechanical contractors with no demonstrable capabilities and experience in associated electrical works; the mechanical contractor may subcontract to suitable electrical contractors (for achieving EP grade requirement). - 30% Compulsory subcontractors; as required for Phase 2 of evaluation criteria and sub-contracting agreement required for Phase 1 item 7 of evaluation criteria. - Specialist subcontractors; as listed in paragraph 11 Specialist Contractor on the Tender Data. • In order to meet the requirements of Phase 2 (30% compulsory subcontracting) of the evaluation criteria; the tenderer must enter into agreements with EMEs or QSEs with CIDB grading less than the CIDB grade of the tenderer. For example a 5ME contractor must subcontract to EMEs or QSEs with CIDB grades 1, 2, 3 and/or 4. <p>The contractor must also enter into agreements with EMEs or QSEs with EP CIDB grading less than the CIDB grade of the tenderer or of the subcontracted electrical contractor.</p> <p>Paragraph 1.11 of the Tender Data must read as follow:</p> <p>The appointed main contractor shall subcontract to designated groups' mechanical contractors with CIDB gradings of 1, 2, 3, and/or 4 ME. The CIDB gradings shall be relative to the value of the project in order to achieve the compulsory subcontracting percentage value.</p>

#	ITEM
	<p>Paragraph 1.12 of the Tender Data must read as follow:</p> <p>The appointed main contractor shall also subcontract to designated groups' electrical contractors with a CIDB gradings of 1, 2, 3, and/or 4 EP. The CIDB gradings shall be relative to the value of the project in order to achieve the compulsory subcontracting percentage value.</p> <ul style="list-style-type: none"> • The main contractor is responsible for the work done by the subcontractor. • All subcontractors must be approved by DWS. All subcontractors must be on National Treasury's Centralised Supplier Database (CSD) and they must be tax compliant. • Capabilities of bidder (Page 53) • Workshop Facilities (Page 53): <p>The contractor must have the facilities or have acceptable formal written agreements with associate companies for the contract period to do a preponderance of the work listed in Technical Specification and Requirements.</p> <ul style="list-style-type: none"> • Bid Rates: <p>For the purpose of adjudication of this Bid specific sites have been chosen containing a representative number of components for the region.</p> <p>Transport Costs (page 155 to page 156); for bidding purposes, the tenderer must use the transport rates included in the bid document, that is, for Petrol and Diesel Sedan/station wagon, Light delivery vehicle (LDV) 4x2, Light delivery vehicle (LDV) 4x4 and Mini bus/MPV</p> <p>The tenderer must insert rates for "Heavy and Extra Heavy Motor Vehicles (Diesel)", the rate must be in Rand per kilometre (Rand/km) this rate must include the driver/operator.</p> <p>Each table (price schedules) must be completed in full and the total from each brought to the summary table. Adjudication will be based on the total and not on rates.</p>
