NO	QUESTIONS	ANSWERS
1	Firearm competent training certificates for all employees. How many employees? Are you referring to firearm competency for all employees?	Here should be number of required securities to handle the weapons during deployment. Example: if the site needs two Grade C Armed Day and two Grade C Armed at night , meaning four officials and rotation/reliever at least two weapons about six in that scenario should be available for inspection.
2	What Exactly is a clearance certificate of NKP Deployment?	No need to respond to this information Head Office is not an NKP installation.
3	Is this requirement mandatory and will we be disqualified should we not have this.	No bidder will be disqualified for not submitting the document at paragraph 2, is not Mandatory.
4	We are required to submit the Clearance Certificate of current and/or previous National key point if applicable on page 7, could you kindly clarify which certificate is that one.	No, it is not required for this Bid since Head Office Bid has no NKP requirement.
5	Is the document 80/20 or 90/10 according to the new PSIRA rates or Bargaining Council	80/20
6	Is it a must for a company to have a control room in Gauteng or we will set it up after being appointed	During bid application process and evaluation, a control room to be inspected can be at the address supplied by the bidder on SBD 1, however after appointing the PSP, the control room should be established around Gauteng province for accessibility within a month after appointment.
7	On page 62 there is a section that states "Take Note by Initialling and marking", I fail to understand the marking part, please elaborate.	Next to each item on the grey coloured boxes please write yes and no and tick/ mark the relevant box from page 62 to page 67 .
