## PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

**NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022**

### 1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and

#### 1.2 To be completed by the organ of state

a) The applicable preference point system for this tender is the 80/20 preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

#### 1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
<b>Total points for Price and SPECIFIC GOALS</b>	<b>100</b>

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

## 2. DEFINITIONS

- (a) “**tender**” means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) “**price**” means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) “**rand value**” means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) “**tender for income-generating contracts**” means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) “**the Act**” means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

## 3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

### 3.1. POINTS AWARDED FOR PRICE

#### 3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\ \mathbf{P_s = 80 \left( 1 - \frac{P_t - P_{min}}{P_{min}} \right)} & \mathbf{or} & \mathbf{P_s = 90 \left( 1 - \frac{P_t - P_{min}}{P_{min}} \right)} \end{array}$$

Where

- P<sub>s</sub> = Points scored for price of tender under consideration
- P<sub>t</sub> = Price of tender under consideration
- P<sub>min</sub> = Price of lowest acceptable tender

### 3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

### 3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$P_s = 80 \left( 1 + \frac{P_t - P_{max}}{P_{max}} \right) \text{ or } P_s = 90 \left( 1 + \frac{P_t - P_{max}}{P_{max}} \right)$$

Where

$P_s$  = Points scored for price of tender under consideration

$P_t$  = Price of tender under consideration

$P_{max}$  = Price of highest acceptable tender

## 4. POINTS AWARDED FOR SPECIFIC GOALS

4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system: or
- (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

**Table 1: Specific goals for the tender and points claimed are indicated per the table below.**  
**(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.**

**Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)**

**STANDARD EVALUATION CRITERIA IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022**

**THE 80/20 POINTS AWARDED FOR PRICE AND SPECIFIC GOALS**

The 80/20 Preferential Procurement System will be used in evaluating these bids:

<b>Evaluation element</b>	<b>Weighting (Points)</b>
SPECIFIC GOALS	20
PRICE	80
<b>Total</b>	<b>100</b>

**Price**

A maximum of 80 points are allocated for price on the following basis:

$$P_s = 80 \left( 1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where:

$P_s$  = Points scored for comparative price of bid under consideration

$P_t$  = Comparative price of bid under consideration

$P_{\min}$  = Comparative price of lowest acceptable bid

**The definition and measurement of the goals above is as follows:**

**Women, disability, and youth:**

This will be measured by calculating the pro-rata percentage of ownership of the bidding company which meets this criterion. E.g., Company A has five shareholders each of whom own 20% of the company. Three of the five shareholders meet the criterion, i.e. they are women/disability/youth. Therefore, this bidder will obtain 60% of the points allowable for this goal.

**Location of enterprise**

Local equals province. Where a project cuts across more than one province, the bidder may be located in any of the relevant provinces to obtain the points.

**B-BBEE status level contributors from level 1 to 2 which are QSE or EME**

Measured in terms of normal BBEE requirements.

**Note: Formula for calculating points for specific goals**

Preference points for entities are calculated on their percentage shareholding in a business, provided that they are actively involved in and exercise control over the enterprise. The following formula is prescribed:

$$PC = \frac{Mpa \times P\text{-own}}{100}$$

Where

**PC**= Points awarded for specific goal

**Mpa**= The maximum number of points awarded for ownership in that specific category

**P-own** = The percentage of equity ownership by the enterprise or business

**NOTES**

The purpose of this document is to:

- (i) Draw special attention to certain general conditions applicable to government bids, contracts and orders; and
- (ii) To ensure that clients be familiar with regard to the rights and obligations of all parties involved in doing business with government.

In this document words in the singular also mean in the plural and vice versa and words in the masculine also mean in the feminine and neuter.

- The General Conditions of Contract will form part of all bid documents and may not be amended.
- Special Conditions of Contract (SCC) relevant to a specific bid, should be compiled separately for every bid (if applicable) and will supplement the General Conditions of Contract. Whenever there is a conflict, the provisions in the SCC shall prevail.

## General Conditions of Contract

### 1. Definitions

1. The following terms shall be interpreted as indicated:
  - 1.1 "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
  - 1.2 "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
  - 1.3 "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
  - 1.4 "Corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.
  - 1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.
  - 1.6 "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
  - 1.7 "Day" means calendar day.
  - 1.8 "Delivery" means delivery in compliance of the conditions of the contract or order.
  - 1.9 "Delivery ex stock" means immediate delivery directly from stock actually on hand.
  - 1.10 "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
  - 1.11 "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.

- 1.12 "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.13 "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.14 "GCC" means the General Conditions of Contract.
- 1.15 "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.16 "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.17 "Local content" means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.
- 1.18 "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.19 "Order" means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.20 "Project site," where applicable, means the place indicated in bidding documents.
- 1.21 "Purchaser" means the organization purchasing the goods.
- 1.22 "Republic" means the Republic of South Africa.
- 1.23 "SCC" means the Special Conditions of Contract.
- 1.24 "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.

- 1.25 “Written” or “in writing” means handwritten in ink or any form of electronic or mechanical writing.
- 2. Application**
- 2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
- 2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.
- 2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.
- 3. General**
- 3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
- 3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from [www.treasury.gov.za](http://www.treasury.gov.za)
- 4. Standards**
- 4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.
- 5. Use of contract documents and information; inspection.**
- 5.1 The supplier shall not, without the purchaser’s prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.
- 5.2 The supplier shall not, without the purchaser’s prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
- 5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier’s performance under the contract if so required by the purchaser.
- 5.4 The supplier shall permit the purchaser to inspect the supplier’s records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.
- 6. Patent rights**
- 6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
- 7. Performance**
- 7.1 Within thirty (30) days of receipt of the notification of contract award,

**security**

the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

- 7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:
- (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
  - (b) a cashier's or certified cheque
- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

**8. Inspections, tests and analyses**

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the

cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

**9. Packing**

9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

**10. Delivery and documents**

10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.

10.2 Documents to be submitted by the supplier are specified in SCC.

**11. Insurance**

11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

**12. Transportation**

12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

**13. Incidental services**

13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:

- (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
- (b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
- (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties,

- provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

#### **14. Spare parts**

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
  - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
  - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

#### **15. Warranty**

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser

may have against the supplier under the contract.

**16. Payment**

- 16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.
- 16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.
- 16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.
- 16.4 Payment will be made in Rand unless otherwise stipulated in SCC.

**17. Prices**

- 17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.

**18. Contract amendments**

- 18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.

**19. Assignment**

- 19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

**20. Subcontracts**

- 20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

**21. Delays in the supplier's performance**

- 21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
- 21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily

available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without canceling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

## **22. Penalties**

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

## **23. Termination for default**

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the Supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the

envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

- (i) the name and address of the supplier and / or person restricted by the purchaser;
- (ii) the date of commencement of the restriction
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

#### **24. Anti-dumping and countervailing duties and rights**

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him

- 25. Force Majeure**
- 25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
- 25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.
- 26. Termination for insolvency**
- 26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.
- 27. Settlement of Disputes**
- 27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.
- 27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.
- 27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.
- 27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.
- 27.5 Notwithstanding any reference to mediation and/or court proceedings herein,
- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due the supplier.
- 28. Limitation of liability**
- 28.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;
- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.
- 29. Governing language** 29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.
- 30. Applicable law** 30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in SCC.
- 31. Notices** 31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice
- 31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.
- 32. Taxes and duties** 32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.
- 32.2 A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.
- 32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.
- 33. National Industrial Participation Programme (NIP)** 33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.
- 34. Prohibition of Restrictive practices** 34.1 In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder (s) is / are or a contractor(s) was / were involved in collusive bidding (or bid rigging).
- 34.2 If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act No. 89 of 1998.

34.3 If a bidder(s) or contractor(s), has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

## 1 INTRODUCTION

The Department of Water and Sanitation (DWS) is the custodian of the water resources of South Africa and undertakes water resources planning as one of its core functions.

The water resources planning function is carried out by the Directorate: Strategic Water Resource Planning (D: SWRP), which develops national strategies and procedures for the reconciliation of water availability and water use requirements to meet national, social and economic development objectives, including strategic requirements, resource quality objectives and international obligations.

The Directorate is mandated in terms of the National Water Act, Chapter 2, Section 23, Subsection 6 (1)(d)(e) and (f) on the Water Management Strategies, Chapter 10, Section 102 (a)(b)(c) and (d) on International Water Management, and on the National Water Resource Strategy 3, Chapter 5.

The Directorate comprises four sub-directorates, delineated on a catchment area basis. The purpose of each sub-directorate is the same as that of the D: SWRP. The four planning areas are as follows:

- **North** - Limpopo and Olifants River catchments (Limpopo and Olifants Water Management Area (WMAs))
- **Central** - Vaal and Orange River catchments (Vaal and Orange WMAs)
- **East** - Sabie, Nkomati, Usuthu, Pongola and all the rivers draining to the KwaZulu-Natal coast (Nkomati and Pongola to Mtamvuna WMAs)
- **South** - All rivers draining to the coasts of Eastern and Western Cape (Mzimvubu to Tsitsikamma WMA and Breede - Olifants WMA)

The activities undertaken by the DWS through the Directorate: SWRP lead directly into the tasks envisaged under this proposed study for which this Terms of Reference (ToR) was developed. The scope of this ToR is focussed on the planning activities for D: SWRP's Planning Area South (i.e. mainly (Mzimvubu to Tsitsikamma WMA, Gouritz-Olifants WMA) and as further described elsewhere in this document.

The first round of the Development of Reconciliation Strategies for All Towns Water Reconciliation Strategies (ATRS) in the South Planning Region study was concluded in 2011, and an update of some of the towns were done in 2016 and further updates of some towns was done in 2021 (DWS, 2011, 2015, 2021).

## 2 PURPOSE AND OBJECTIVES

The objective of this study is to develop, review and update the ATRS in the Breede to Olifants Water Management Area (WMA) 6 in the Western Cape Province in Planning Area South for at least a 30-year planning horizon.

This proposed study is expected to systematically update and improve the water resource reconciliation strategies so that they remain relevant, technically sound, economically viable, socially acceptable, creating security for the future water resource and enabling

implementation of relevant interventions by the relevant authorities. To achieve the objective, the following main aspects / technical tasks must be covered in the study:

- Undertake the development and update of ATRS identified in the Breede to Olifants WMA. The list of Towns and settlements is provided in Table 1;
- Produce Catchment area Water Resource Balance perspectives for the following Primary Catchments in the Breede to Olifants WMA E, G, H, J, K, (tertiary drainage region G40 (excluding Quaternary catchment G40A), and G50 tertiary drainage regions G10 to G30 and quaternary catchment G40, tertiary drainage region F60 (excluding quaternary catchment F60A) and including quaternary catchment F50D;
- Support the Department of Water and Sanitation (DWS) Regional Offices and water service authorities (WSAs) with information related to all towns' reconciliation strategies;
- Provide information that can be included in National and Catchment planning instruments such as the National Water Resource Strategy (NWRS) and Catchment Management Strategies;
- Provide information that can be included in planning instruments of local government to aid their alignment of local development plans and policies e.g. Water Services Development Plans (WSDPs), Integrated Development Plans (IDPs) and Spatial Development Frameworks (SDFs) to national and regional strategies (e.g., NWRS, ISPs, CMSs).

It is envisaged that the study will cover a 36-months period.

### **3 SCOPE OF SERVICES REQUIRED**

The scope of work for the study should cover the following broad key activities:

- Comprehensive review and update the existing ATRS in the Breede-Olifants WMA where applicable;
- Undertake projection of future water requirements over at least 30 years horizon;
- Assess the present water situation for the towns and settlements in the study area;
- Identify current and future interventions to address water deficits within the designated supply areas;
- Develop Primary catchment drainage area water resource balances for Primary Catchments E, G, H, J, K, (tertiary drainage region G40 (excluding Quaternary catchment G40A), and G50 tertiary drainage regions G10 to G30 and quaternary catchment G40, tertiary drainage region F60 (excluding quaternary catchment F60A) and including quaternary catchment F50D for present day development and potential future development scenarios at a high level;
- Assess options for groundwater use, including groundwater availability, or potential, assessment of private ground water use in the settlements, conduct a hydro-census on targeted formations, provide cost estimates for well field developments, operating rules for ground and surface water use, operation and maintenance costs for groundwater schemes;
- Improve on cost estimates for identified interventions where applicable and determine URVs for cost comparison;
- Review and update any WCWDM plan currently in place, going on or contemplated;
- Compile reports on major tasks performed;

- Compile stand-alone ATRS in the Breede Olifants WMA at the appropriate level of intensity;
- Consider the impact of climate change and risk & vulnerability assessments and indexes;
- Facilitate at least one site visits per DM in the Breede Olifants WMA;
- Training of staff as required;
- Consider the impacts on water availability due to water resource classification; and the Reserve determination in the WMA;
- Identify, engage and support to relevant stakeholders for the settlements to gather accurate information and data, including reaching an agreement on future proposed augmentation options;
- Assist the Study Steering Committee in the execution of the necessary responsibilities;

#### **4 STUDY AREA**

The study area includes the Western part of the South Planning Area, covering Breede Olifants WMA situated in the Western Cape Province. As can be seen in **Figure 1 and Figure 2**, the Western Cape Province includes 24 local municipalities (LMs) located within 5 district municipalities (DMs). A part of the Beaufort West LM overlays the Mzimvubu-Tsitsikamma WMA. A part of George LM also overlays the Mzimvubu Tsitsikamma WMA.

There are Towns/settlements in the Northern Cape Province which are under the Breede - Olifants sub catchment that also require stand alone strategies to be developed or updated. (see list in Table 1)

There is one metropolitan municipality within the study area, namely the City of Cape Town. All municipalities in the Western Cape act as both Water Service Authorities (WSAs) and Water Services Providers (WSP), as per the Water Services Act (Act 108 of 1997).

The City of Cape Town (CCT) is excluded for the purpose of the ATRS, as this is studied in detail as part of the Reconciliation Study for the Western Cape Water Supply System (WCWSS). However, allocations on the shared resources between the Metro and local municipalities is taken into account for the purpose of the ATRS.

The study area will follow the footprint of the Breede- Olifants WMA. For certain study tasks the PSP will be required to acquire the latest available information in the catchments outside of the Breede-Olifants WMA in order to give the full provincial assessment for the towns and settlements in the Eastern Cape Province as indicated in **Figure 1**. The PSP will be required to package the relevant information for the LM/DMs in the neighbouring provinces.

The list of towns/villages/village clusters incorporated in this Study are indicated in **Table 1: List of All Towns and settlements in the study area**. They are listed per District Municipality and Local Municipality.

## 5 METHODOLOGY

The PSP must provide a concise methodology of how they intend to undertake the identified tasks for the study.

The methodology is expected to be guided primarily by the criteria described below, which assists the level of intensity required for the water reconciliation strategies to be developed for each identified town, or settlement.

- **Water use requirement**

Confirm the current and future water use requirement for each town or settlement in line with realistic growth scenarios and projections

- **Current supply deficit**

This entails identifying those towns/villages which are currently experiencing water shortages due to the water use requirement exceeding the available supply from existing sources. Towns experiencing water supply shortages due to a lack of operations and maintenance need to be listed for further attention for the relevant Water Services Provider.

- **Future supply deficit**

This involves identifying those towns/villages which may experience water shortages in the 30 year planning horizon due to the water requirement exceeding the available water supply from existing sources in near future.

- **Single source of supply or multiple sources**

A town or settlement which receives water from a single water supply source is more vulnerable from a water security perspective (higher risk of interruption in supply when the source is depleted) than those which can be supplied from multiple sources.

- **Current condition of bulk water supply infrastructure**

High system losses can be expected in a water supply system where the respective infrastructure components are in poor condition.

- **WSA Institutional Capacity**

High staff turnover at management level is often the norm, resulting in an inability within the organisation to build up an adequate “institutional memory”.

- **Implementation of water conservation and water demand management (WC/WDM)**

Reduction of water losses has been identified as the most cost-effective intervention to achieve positive water balance in all municipalities.

- **Possibility to develop additional water sources**

In a water-scarce country like South Africa the development of additional (or alternative) water sources through for instance the development of groundwater sources, desalination of seawater and/or re-use of treated effluent has become essential to avoid future water shortages.

## **6 GENERAL TASKS DESCRIPTION**

The main tasks required by a PSP in support of the Study Steering Committee and Technical Support Group are as follows:

### **6.1 Background**

A high-level Study Steering Committee (SSC) will be established to ensure that the ATRSs are developed regularly, appropriately updated, and to make recommendations on longer-term planning activities required to ensure sufficient water availability. The SSC will be established with representatives nominated by the major stakeholders and role players in the respective Water Supply area, including representatives from *inter alia* Provincial Departments of Agriculture and Environmental Affairs and Development Planning, irrigation farmers, the Water Boards, the CMAs and civil society.

For the SSC to achieve its mandate, technical, scientific and administrative support will be provided by a Technical Support Group (TSG). This support will be facilitated through DWS's Directorate: Strategic Water Resource Planning. The TSG will also include officials from relevant DWS Directorates, the respective Provincial Office, Relevant municipality representatives, Proto CMA representatives and others.

### **6.2 Functions of the PSP**

The PSP is required to provide technical support related to the development, review and update of ATRS, review of study reports, high-level technical evaluations, preparing proposals and presentations and general tasks as requested by the DWS and TSG as well as support with arranging meetings, preparing agendas, compiling minutes and status reports. The PSP will also be required to give technical, scientific and management support to the Chief Engineer / project manager: SWRP as and when required.

### **6.3 Capacity building and training**

The purpose of this task will be to provide training and technology transfer to DWS officials and other nominated individuals from the respective study areas. This is considered to be a key component of the assignment, not only because it will serve to develop the competence and expertise of the individuals in question, but also because it will establish a common understanding of technical aspects between the Study Team and the Client (DWS) and thereby contribute to the overall success of the assignment and related activities.

The PSP will be expected to propose a training framework during inception phase, which PSP will need to develop in consultation with the DWS and other interested organization(s). The framework shall clearly highlight:

- Training objectives;
- Identify training needs / purpose and what's to be achieved;
- Training methodologies to be used;
- Identification of potential trainees; and
- Establish a training plan with clear timelines, deliverables, training conveners and trainees, cost and venues.

Capacity building shall take the form of formal training which may include attending courses at approved institutes, formal training by experts from PSP, One on One sittings as well as secondment of trainees to the PSPs facilities. All these training options should be accessed and be included in the framework report.

The impact of the proposed training undertaken will be assessed based primarily on feedback obtained from a designated Departmental representative on perceived benefits regarding the knowledge base, practical insight and/or work-related behaviour of trainees. Ideally, the representative in question will be a line-manager or senior colleague of trainees and will be selected in consultation with the Department.

Progress on the above training programme will be continually monitored and, upon conclusion, documented in a concise training report. The report will include details on the process of selecting trainees, attendance and feedback of the formal training course and a schedule and milestones of the ad-hoc instruction process. The report will also include conclusion on the success of the training based on the impact analysis described above, as well as recommendations on further training that may be required and also on the potential for improving similar training programmes in future.

Formal training is expected to be conducted before or during each task of the study (water resources, demographic, WCWDM, scenario and options analysis). Training shall be accompanied by a training module/manual and a training report.

## **7 STUDY GOVERNANCE**

Summary reflecting the governance structures for the study is indicated in **Table 2** below.

The governance structure of the study will mainly consist of the committees discussed in the following sub items:

### **7.1 Study administration meetings (SAM)**

The SAM comprises of the DWS Study Team and the PSP Study leader team. The committee is responsible for the administration and management of the study. The SAM meetings will be held once every three months, commencing with a Mobilisation Meeting and a meeting at the end of the Inception Phase.

### **7.2 Technical Support Group (TSG)**

The TSG comprises of the DWS Study Team, the relevant PSP Team, DWS Technical Teams and other external stakeholders technical representatives that provide input into the first order detailed assessments and analysis of the strategies. The TSG will hold meetings at least once per year per DM. A meeting of this committee will be held before the Study Steering Committee (SSC) meeting in the form of a Dry Run to that specific SSC meeting. All meetings will be held within the study sub-area in question.

### **7.3 Study Steering Committees (SSC)**

The Study Steering Committees are a forum for stakeholder consultation and public participation. The SSC, comprising of representatives of relevant DWS units, other relevant National and Provincial Government Departments, municipalities, CMAs, Water Boards and other interested and affected parties identified during the course of the study. The SSC will provide high-level direction and guidance with support of the SAM and TSG for each distinct

study area. It monitors the execution of the Study, recommends adjustments to the direction of the Study.

<b>Total number of meetings</b>	<b>14</b>	<b>15</b>	<b>15</b>

The SSC meetings will be conducted physically and will be held in the respective District Municipality.

## 8 EXPERTISE OR SKILLS REQUIRED

The PSP team must have the proven skills and capacity to undertake the assignment functions described in the previous sections. Some of the particular skills which will be required are:

- Proven experience in undertaking work of a similar nature;
- Proven experience in stakeholder management in undertaking reconciliation strategies;
- Experience in developing water requirement scenarios for all water sectors;
- Experience of water resources planning including hydrology, the determination of system yields, the conceptualization and costing of infrastructure and other proposed or potential interventions and the determination of URVs, the unit cost of water and the effect on tariffs of incorporating such new infrastructure into the system;
- Good understanding of how to undertake desktop assessments of the Reserve and to assess its effect on system yields;
- Experience in setting up and utilizing the Water Resource Yield Model (WRYM) and Water Resource Planning Model (WRPM);
- Good knowledge and understanding of the processes that must usually be followed and timelines required in order to implement an intervention to augment the water availability in the system;
- Good understanding of the implications and effectiveness of implementing WC/WDM measures;

- Experience in the determination of the environmental and socio-economic impacts of interventions, in formulating mitigation measures and in obtaining approvals by the environmental authorities;
- Ability to utilize selection processes to identify the most appropriate series of augmentation options to meet various water requirement scenarios;
- Experience with setting up the Decision Support Tool with which to illustrate the phasing in of required augmentation interventions;
- Ability to synthesize recommendations in a complex environment;
- Ability to interact with and successfully manage multidisciplinary teams;
- Ability to communicate and interact with senior government officials, decision makers and the public; and
- Ability to manage public participation processes.
- Support Staff and necessary tools/technology—the PSP should clearly indicate availability of the support staff and tools(GIS, admin, finance etc.)

## **9 REPORTING REQUIREMENTS**

Study reports must be drafted, supported by the documentation as set out in **Table 3** below, as guideline.

## **10 WORK PLAN AND TIME SCHEDULE**

### **10.1 Programme**

The contract period for the assignment is estimated to be 36 months. The PSP is expected to draw up a clear and implementable work plan to execute the tasks and a project schedule, indicating resources and associated time frames.

### **10.2 Study Management**

Management of PSP activities will be performed by DWS's sub-Directorate: Strategic Water Resource Planning: Planning Area South. Study Administration meetings (SAM) referred to **Table 2** will take place as specified.

## **11 INFORMATION TO BE PROVIDED IN THE PROPOSAL**

### **11.1 Extent of the Proposals**

The text of the Proposal should be to the point and not longer than fifteen pages (A4), excluding CVs, with Arial theme font size of 11 and a line spacing of 1.5.

The Technical Proposal must give a detailed human resource (personnel) application breakdown specified in hours for each study Task. The Financial Proposal must give the same human resource application breakdown specified in hours and cost for each study Task, which would be part of the Study Cost Schedule.

Deliverables such as reports, presentations, analyses, letters and databases must be provided in Microsoft applications. Text for all documents shall be Arial 11-point font at 1.5 spacing, unless otherwise stated or agreed.

Provision must also be made to supply deliverables, such as reports and letters, in hard copy format. The standard and format of reports must be confirmed with DWS before drafting and submitting the required reports for this Study. Reports are typically submitted as first Draft, Draft Final and Final.

A table listing all the deliverables with the cost of each deliverable and the due date of the deliverable must be supplied, in order for this to be included in the contract between the DWS and the PSP. The PSP will be paid on receipt of each completed deliverable. By nature the execution of planning studies is guided by information gathered as the study progresses. However, **Table 3** provides a guideline of possible deliverables for this Study, in line with the task described under paragraph 6, but it is not limited to this.

**Table 3: Generic guideline of deliverables for Development, Review and Update Strategies to Reconcile Water Availability and Water Requirements for All Towns and Settlements in WMA 6: Breede Olifants**

Item	Description
1.	Inception Report
2.	Screening and Prioritisation Report for ATRS in WMA 6 Breede Olifants
3.	Stand-alone Strategies for <u>each Town and settlement/village as identified in the Table 1</u> in the Breede Olifants WMA
3.1	District Summary Report for water Resources situation assessment for the following DMs: Cape Winelands DM Central Karoo DM Garden Route DM Overberg DM West Coast DM
3.2	Provincial Summary Report/ Situation Assessment of Water Resources Perspective in the Western Cape Province
3.3	Primary Catchment Drainage Area Water Balances Perspective Report : Primary Catchments in the Breede to Olifants WMA E, G, H, J, K, (tertiary drainage region G40 (excluding Quaternary catchment G40A), and G50 tertiary drainage regions G10 to G30 and quaternary catchment G40, tertiary drainage region F60 (excluding quaternary catchment F60A) and including quaternary catchment F50D.
3.4	Water Resource Information system/Dashboard for the ATRS Western Cape
4.	All model raw, input and output data and output files or all files for running the model i.e. rainfall, stream flow data, stochastics, maps and any other data.
5.	Training Framework Report (guideline) <ul style="list-style-type: none"> <li>1. Hydrology updating</li> <li>2. Setting up water resources yield and planning models (WRYM and WRPM)</li> <li>3. Geohydrological modelling</li> <li>4. Determining Irrigation and Domestic Water Requirements</li> <li>5. Water Balance, Water Availability and Use Reconciliation Model (using the DST)</li> </ul>

Item	Description
	<i>Assessment of Water Losses</i>
6.	Training Report
7.	Reports on site visits
8.	Study Management Meetings – minutes and presentations
9.	Study Technical Support Group meetings - minutes and presentations
10.	Study Steering Committee meetings - minutes and presentations
11.	Quarterly progress reports (showing project management, human resource outlay and progress of tasks, cashflow etc)

PSP must ensure budget allocation in financial proposal for the purchasing of necessary rainfall data related to the water availability assessment task.

PSP must have relevant technical team members available on request to give technical, scientific and management support to the CE: SWRP SPA as and when required, related to matters in support of this study. That support to DWS Project Manager (with associated financial implication in the Study Budget of R500,000) to be included in overall costing of Bid and will be managed through the Project Execution Plan (PEP) approved by the DWS project manager.

### **11.2 Summary of PSP Capacity and Capability**

The Proposal must contain information about the capacity and capability of the study leader and other key personnel in the water resources planning domain. This information should include details of appropriate educational qualifications and previous involvement in water resources planning and similar studies.

The Study Leader must be specifically identified and the main responsibility structure to support him/her must be briefly presented. The capability and experience of the study leader in developing water requirement and availability reconciliation strategies will be especially important.

### **11.3 Summary of Relevant Experience**

The Proposal must contain brief summaries of:

- Experience in planning, implementation and management of water resource development projects in Southern Africa;
- Experience in costing of water resources related developments and water conservation and water demand management measures;
- Experience of working in multi-disciplinary teams in the water resources domain;
- Experience of water resource-related work in typical catchments and river systems that represent the range of catchment conditions and complexities in South Africa;
- Experience in determining surface and groundwater Reserve determinations;
- Experience in using the WRYM and WRPM;
- Experience in water quality monitoring;
- Experience with incorporating potential climate change impacts in models;
- Understanding of the complexities of implementing desalination of re-use of water projects;

- Experience in groundwater well-field exploration, planning, development and setting up the required models for well-field management;
- Experience in administrative inputs to technical and strategic meetings and related water resource study management aspects;
- Ability to facilitate stakeholder meetings; and
- Ability to prepare informative newsletters, dashboards, media releases, presentations and other required information material.

## 12 INTELLECTUAL PROPERTY

All deliverables and products produced for this assignment will be the sole property of the Department of Water and Sanitation. This stipulation will be included in the contract between the appointed PSP and DWS. If anyone or the PSPs wishes to use them or apply them elsewhere, they should do so only after receiving approval by the Department in writing. After Study completion all source documents, reports, model set up configurations, raw data, GIS Maps and all other relevant documents will be handed over to DWS as the owner of the information.

## 13 ADMINISTRATIVE COMPLIANCE

Bidders are required to comply with the following listed below:

*Table 4: List of administrative requirements*

No	Criteria	Yes	No
1.	Companies must be registered with National Treasury's Central Supplier Database. Provide proof of print out from CSD.		
2.	Tax compliant with SARS (to be verified through CSD).		
3.	Complete, sign and submit SBD 1, SBD 3.2, SBD 4 and SBD 6.1		
4.	General Conditions of Contract (GCC)		
5.	Active registration with Company Intellectual Property Commission (to be verified through CSD and CIPC) Attach copy of CIPC/CIPRO Certificate		
6.	The service provider (and in the case of a consortium or joint venture – at least one member of such consortium or joint venture) should submit a notary agreement between the parties must clearly identify the lead partner (if applicable)		
7.	CERTIFICATE OF AUTHORITY FOR SIGNATORY (bidders to complete the relevant form.)		
8.	Copy of an Identity document of the authorised individual to represent the Service provider as per the CERTIFICATE OF AUTHORITY FOR SIGNATORY form		
9.	Non Compulsory Hybrid Briefing Session		

## 14 EVALUATION SYSTEM

Department of Water and Sanitation will evaluate all proposals in terms of the Preferential Procurement Regulations 2022. A copy of the Preferential Procurement Regulations 2022 can be downloaded from [www.treasury.gov.za](http://www.treasury.gov.za). In accordance with the Preferential Procurement Regulations 2022, submissions will be adjudicated on 80/20 points system and the evaluation criteria. A three phase evaluation criteria will be considered in evaluating the

bid. On the receipt of the proposals, the evaluation criteria shown below will be used for the selection of the most suitable bidder to undertake the assignment.

**Phase 1: Mandatory Compliance** (if not complied with, bid will be disqualified)

**Phase 2: Functional / Technical Evaluation**

**Phase 3: Points awarded for Price and Specific Goal (80/20 Preferential System)**

#### 14.1 PHASE 1: Mandatory Compliance

Please note that all bidders must comply with the following mandatory requirements. Failure to submit any of the documents listed below will render your bid non-responsive and will be disqualified.

**Table 5: Mandatory requirement**

This study is highly technical, and will also include application of sophisticated models such as the Water Resources Yield Model and the Water Resources Planning Model. To demonstrate the ability to undertake this study successfully a bidder is required to offer a high degree of technical expertise and capability and present technically excellent study methodology.

For the above reason a bidder is expected to achieve a minimum threshold/required score for Functionality (Past Experience, Methodology, Team capability and Capacity Building and Training) of 70 (%) points. Only bidders who obtained at least 70% under the Functionality (Technical) Evaluation will be considered for further evaluation.

### 14.3 PHASE 3: The 80/20 Principle based on Price and Specific Goals

The total firm price (VAT inclusive) must be clearly stated for the entire duration of the study. Escalation of Professional Fees, including Disbursements, over the contract period, must be built into the Deliverables Costs and may not be claimed separately later.

**Table 7: The 80/20 Preferential Procurement System will be used in evaluating these bids:**

Evaluation element	Weighting (Points)
<b>SPECIFIC GOALS</b>	<b>20</b>
<b>PRICE</b>	<b>80</b>
<b>Total</b>	<b>100</b>

#### Price

A maximum of 80 points are allocated for price on the following basis:

$$P_s = 80 \left( 1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where:

$P_s$  = Points scored for comparative price of bid under consideration

$P_t$  = Comparative price of bid under consideration

$P_{\min}$  = Comparative price of lowest acceptable bid

**Table 8: Preference point system**

**The definition and measurement of the goals above is as follows:**

**Women, disability, and youth:**

This will be measured by calculating the pro-rata percentage of ownership of the bidding company which meets this criterion. E.g., Company A has five shareholders each of whom own 20% of the company. Three of the five shareholders meet the criterion, i.e. they are women/disability/youth. Therefore, this bidder will obtain 60% of the points allowable for this goal.

**Location of enterprise**

Local equals province. Where a project cuts across more than one province, the bidder may be located in any of the relevant provinces to obtain the points.

**B-BBEE status level contributors from level 1 to 2 which are QSE or EME**

Measured in terms of normal BBBEE requirements.

**Note: Formula for calculating points for specific goals**

Preference points for entities are calculated on their percentage shareholding in a business, provided that they are actively involved in and exercise control over the enterprise. The following formula is prescribed:

$$PC = Mpa \times \frac{P\text{-own}}{100}$$

Where

**PC**= Points awarded for specific goal

**Mpa**= The maximum number of points awarded for ownership in that specific category

**P-own** = The percentage of equity ownership by the enterprise or business

**Special Conditions**

- Bidders must submit a valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA or a Verification Agency accredited by SANAS.
- Bidders are required to ensure that their Central Supplier Database (CSD) profiles are up to date and accurately reflect the status of their current B-BBEE certificate or sworn affidavit. The Department relies on the CSD report as the official source for verifying claims related to B-BBEE status, including ownership by Women, Youth, and Persons with Disabilities. Therefore, bidders must ensure that the B-BBEE information on their CSD profile is marked as "active" and not "expired."
- Pricing must include Disbursement and Travelling Costs.

- It is advisable that the study team be firm and consistent for the duration of the contract. Should there be a need to change or replace principal study team members, such changes should be communicated to DWS for approval prior to any changes being effected. Any replacement should hold the same qualifications and experience or better of the replaced officials.
- Upon appointment, Bidders must comply with Unemployment Insurance Fund (UIF). The Department will periodically check the compliance and failure of which may result in termination of the contract.
- Bidders must also provide a valid Letter of good standing with the Compensation Commissioner in terms of the Compensation for Occupational Injuries and Diseases Act 130 of 1993 within 21 days of receiving an award letter.
- The Department reserves the right to engage with the successful service provider to negotiate the prices as submitted. If it is envisaged that negotiations will be conducted only with the successful supplier, the negotiations will be based on a best estimate of the cost of the works.

## 15 ARRANGEMENTS FOR SUBMISSIONS OF PROPOSALS

### 15.1 Format of Proposal Documentation and Contact Persons

Service providers are required to submit their formal enquiries directly to the Project Manager and the SCM office at least 5 working days before the tender close.

Enquiries about any aspect of this Proposal invitation can be obtained from the following persons:

- Bidders are requested to provide a clear agreement regarding joint venture/consortia. The percentage involvement of each company in the joint venture agreement should be indicated.
