DETERMINATION OF WATER RESOURCE CLASSES & RQOs IN THE INKOMATI

5a: STUDY OVERVIEW

PSC Meeting no.3

Presented by:

Name Surname: Mohlapa Sekoele

Designation: Scientist (Production)

Directorate: Water Resource Classification

Date: 24 November 2014

PURPOSE OF THE PRESENTATION

- To provide background to the study
- To provide progress to date on the project in the Inkomati WMA

BACKGROUND

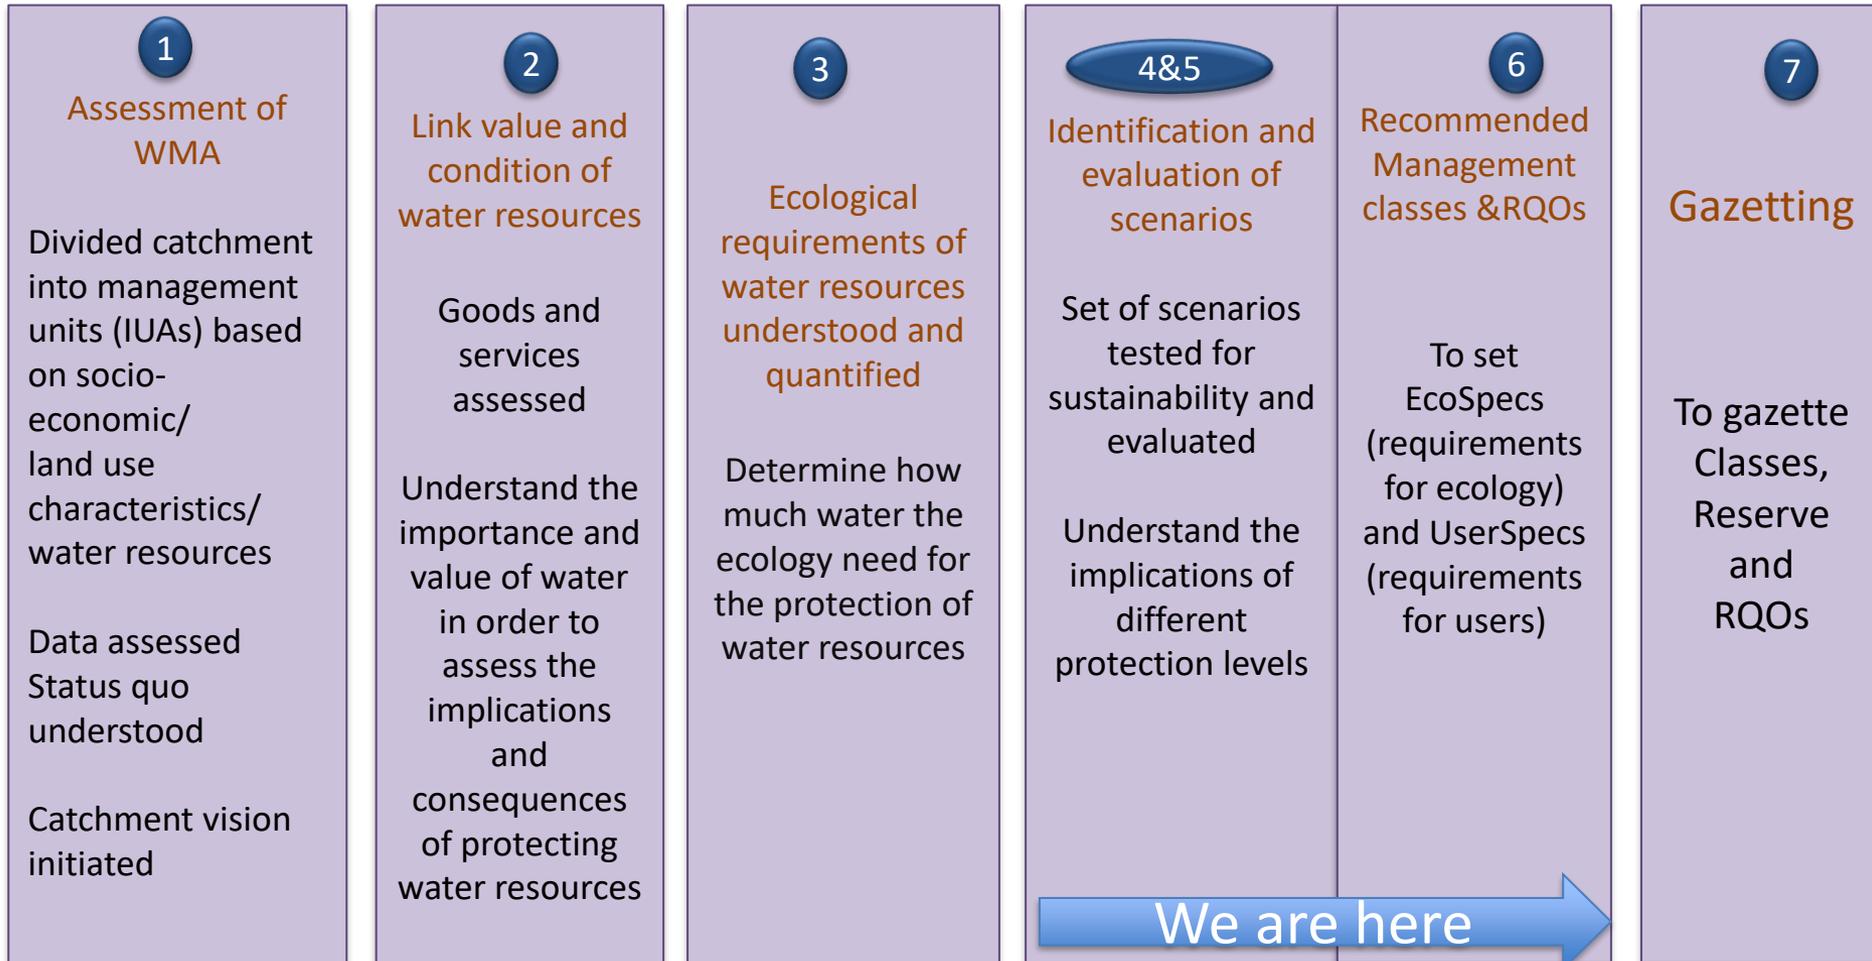

- Two year study; commenced April 2013
- Output:
 - Management Classes: describe what state the water resources need to be in to satisfy beneficial use.

Classes	Description of use
Class I	Minimally used
Class II	Moderately used
Class III	Heavily used

- Resource Quality Objectives: conditions which should be met in the receiving water resource. Give effect to the implementation of the classes.

STUDY PROCESS & PROGRESS

In accordance with the classification and RQOs guidelines: 7 step process applies

We are here

Stakeholder engagement

April 2013 to March 2015
