

# **Water for Growth and Development Roundtable Discussion**

**Ms. Pam Yako  
Director-General**

**08 November 2008**

# Why Roundtable Discussion

- **To assist DWAF in the finalization of the water for growth and development (WfG&D) framework**
- **International perspectives and critique on WfG&D framework**
- **Issues to be considered –**
  - **WfG&D framework acknowledges water as scarce resource**
  - **What are the problems with water in respective sectors?**
  - **Is DWAF addressing these sufficiently through the WfG&D framework?**
  - **Can we use less water to do more?**
  - **Debate key recommendations of the WfG&D framework**
  - **Contribute towards a concise, well-informed and coherent strategic framework for consideration by DWAF**

**Questions and comments for clarity**
