REPLY:

The policy provides that Members at a national level may be provided with one vehicle for use in Cape Town and one vehicle for use in Pretoria. It further provides for Use of Incidental Vehicles for official purposes away from respected seats of office.

Members are allowed to make use of incidental or rented vehicles when on official duty. The rented vehicles should be vehicles befitting for Ministerial use and in these instances the vehicles hired have been various makes and models.

In such cases the cost of incidental / rented vehicles for official use is carried by relevant department.

Hired cars are used on official duty for direct interaction with communities and stakeholders outside Gauteng and Cape Town as a critical part of the Public Participation programmes of Ministers. These enable Ministers to fulfill their duties and meet their ever demanding schedules.

The department has therefore at various intervals, hired a certain amount of cars for Deputy Minister and for my use during the period under review.

The cost thereof and other details shall accordingly be reflected on the Department's annual financial statements.
