

# The SADC Drillers' Directory

<https://sadc-gmi.org/drillers/>

The Southern African Development Community Groundwater Management Institute (SADCGMI) is established as the Centre of Excellence for groundwater management in the SADC region and is hosted by the Council for Scientific and Industrial Research (CSIR) in Pretoria, South Africa on behalf of and under the strategic guidance of the SADC Secretariat, Directorate of Infrastructure and Services – Water Division, in Gaborone, Botswana.

In its mandate to serve as an interlocutor with national, regional, and international groundwater initiatives and institutions, SADC-GMI has introduced a platform where drilling service providers can sign up and showcase their profiles to a wider audience. The SADC Driller's Directory is a premium gateway to the thriving world of drilling services in the SADC region. The directory serves as a dynamic hub, connecting industry professionals, businesses, and clients seeking top-tier drilling expertise. By registering on the directory, you not only enhance your business's visibility but also open doors to valuable networking opportunities, increased credibility, and a centralized platform to showcase your services. Join us in advancing the drilling industry, fostering collaboration, and unlocking a world of opportunities in the heart of Southern Africa's drilling sector.

## Benefits of registering on the directory:

### Visibility and Exposure

Your drilling business gains visibility within the drilling industry, reaching potential clients and partners actively searching for reliable drilling services.

### Networking Opportunities

Connect with other drilling professionals, suppliers, and potential clients within the SADC region, fostering valuable relationships and collaborations.

### Credibility and Trust

Being listed in a reputable directory enhances your business's credibility. Potential clients are more likely to trust and choose a drilling service with a verified presence in a respected industry directory.
