2) COMMENTS

2.1) Potential issues or concerns associated with the project?

Saxfold Trust is riparian on the Koonap River and a licensed water user below the site of the proposed dam. It cultivates 80ha of citrus and provides livelihoods for at least 100 employees. Proposed scheme must not threaten the existing operation.

2.2) Specific requirements in terms of the EIA process?

2.3) Key stakeholders to be engaged with (provide contact details, if possible)?

Licensed riparian Koonap River water users.

2.4) General Comments

I am supportive of the dam and happy to pay commercial rates for water both currently in use and further development. However, would oppose any restriction on current licensed use.
