Dear Mr. Henning;

Per your request regarding the Foxwood Dam, we would like to bring to you the following questions- points:

The amount of land used by the dam must not render a farming operation unviable.
Who will have water rights?
Is the dam strictly for irrigation? Recreation?
What about the plants, etc that will be affected by the dam? A plan needs to be made.

Thank you for giving us the opportunity to voice our concerns to you.

Sincerely,

SA King, Secretary/Treasurer
Bedford Farmers Association
