Dear Mr. Berry

We will be sending the Draft EIR to DWA tomorrow morning for it to be uploaded onto their website. Therefore the report should be available either on 17 June or 18 June. You can use the following address to access the documentation on the DWA website: <http://www.dwa.gov.za/Projects/MCWAP/documents.aspx>

Please let me know should you not be successful in downloading the documentation.

Kind Regards
 Salomon Pienaar

Re: Mokolo and Crocodile (West) Water Augmentation Project (MCWAP): Notice of Review of Phase 1 Draft Environmental Impact Report and Public Meetings

Dear Sir / Madam

The Department of Water Affairs (DWA) commissioned the Mokolo and Crocodile (West) Water Augmentation Project (MCWAP) Feasibility Study to establish how water demands can be met for planned and anticipated developments in the Lephalale area. The proposed components of MCWAP include the following:

- Phase 1 - transfer scheme from the Mokolo Dam;
- Phase 2 - transfer scheme from the Crocodile River (West) to Lephalale area; and
- De-bottlenecking of an existing pipeline that stretches from Mokolo Dam to Lephalale.

Nemai Consulting was appointed by DWAF as the independent Environmental Assessment Practitioner (EAP) to undertake the environmental assessments for MCWAP, in accordance with Government Notice No. R385, R386 and R387 promulgated in terms of the National Environmental Management Act (No. 107 of 1998).

In accordance with regulation 58 of Government Notice No. R385, this serves as notification of the review process for the MCWAP Phase 1 Draft Environmental Impact Report and of the public meetings that have been scheduled to present the findings contained in this document. Further information regarding the aforementioned is contained in the attached notice. **Please note that the date indicated in the previous notice sent was incorrect and that the correct date for the proposed two meetings is 29 June 2010.**

Kind Regards
 Salomon Pienaar
