The Limpopo leg of the National Tooling Initiative Programme (NTIP) awards that took place at Mokopane on Tuesday 10 May have put Limpopo Province on the map as a province that excels within the tooling and manufacturing sector.

The Awards ceremony forms a partnership between NTIP and the Limpopo Department

of Economic Development and Tourism (Ledet) to honour the 37 students who completed the Foundation phase of the Tool, Die and Mould Making (TDM) qualification for Steelport and Lephahale students, a qualification offered by NTIP and certified by the Toolmaking Association of South Africa (TASA).

The top three students are also awarded for performing exceptionally well nationally in their theoretical and practical work, out of the three students the 2nd position was awarded to Ms. Portia Nkadimeng from Lephahale and the 1st position was awarded to Mr. Ocean Seghabe from Steelport making the Limpopo province shine with two of the overall national winners coming from the province. The awards were attended by the CEO of the National Tooling Initiative Programme, Mr. Dirk Van Dyk, the Campus Manager of Lephahale TVET College Ms. Rina van Jaarsveld and Ledet officials, led by Mr. John Motimele, Acting Director of Sector Development, proving that the partnership between the NTIP and the Limpopo province is yielding results in the lives of these young and aspiring toolmakers.

## Efforts paying off

South Africa's Integrated Strategic Management of Rhinoceros is starting to bear fruit, with a recent report showing that the country has turned the tide on rhino poaching.

Acing Minister in The Presidency for Planning, Monitoring and Evaluation, Nosiviwe Mapisa-Nqakula, said Cabinet has welcomed the feedback on the Integrated Strategic Management of Rhinoceros, which Environmental Affairs Minister Edna Molewa tabled on Sunday 8 May.

Since the beginning of this year alone, 206 alleged poachers have been arrested.

Between April 2015 and March 2016, there were 49 finalised cases involving 103 accused. Eighty of the accused were convicted, resulting in a conviction rate of 78%.

The Integrated Strategic Management Approach was adopted by Cabinet in August 2014, which saw the Security Cluster implementing a multi-disciplinary, multi-sectoral intervention to protect rhino in South Africa.

## Skitterende Skemertak

LEPHALALE — Die VLU se Skemertak het skitterende prestasies behaal by die onlangse VLU Noordkongres te Modimolle.

Die tak is besonder trots op Tharina Rossel, wat einde verlede jaar verkies is tot SAVLU-president. Sy het die amptelike opening van die kongres waargeneem. Nadat sy VLU Noord gelukgewens het met hul 21ste verjaarsdag, het sy verduidelik dat die tema, "Werk saam aan 'n beter toekoms", ook die tema is van die Wêreldbond van Plattelandse Vroue en dat meer as 10 miljoen vroue oor sewe kontinente saam hieraan werk. "Geen organisasie is ooit suksesvol sonder samewerking nie. Lede word saamgesnoer deur 'n gesamenlike doel. Elkeen het sy plek en sy besondere taak en is daarom nodig. Vergoet van persoonlike botsings en onmin. Niemand is groter as die organisasie nie," sê sy. Sy herinner lede aan die VLU-gebed wat sê: "Dis die klein dingetjies wat verdeel." Sy glo dat swak kommunikasie lei tot misverstande.

Tharina glo dat dit juis nou die tyd is vir samewerking in Suid-Afrika om 'n positiewe toekoms te kan ingaan. Jong lede is die organisasie se toekoms.

Tharina, Delmarie van Zyl, Susanna Eckard en Eliana Greyling was almal geinspireer deur die gasspreker, Lynette Behr, 'n kookkuns-demonstrasie deur Heleen Meyer, inspirasie van die Persoonlikheid van die Jaar, Surita Steenkamp, Kunstenaar van die Jaar, dr. Mich Veldman, asook Skrywer van die Jaar, Keina Swart. "Ons is vol moed en nuwe krag vir die jaar wat voorlê om ons tak tot die hoogste hoogtes en veral die lekkerste lekkerstes te neem," sê Eliana Greyling.

**NOTICE OF ENVIRONMENTAL ASSESSMENT**

**PROPOSED MOKOLO CROCODILE (WEST) WATER AUGMENTATION PROJECT PHASE 2: WATER TRANSFER INFRASTRUCTURE & BULK POWER SUPPLY**

Notice is hereby given in terms of the following:  
• The Environmental Impact Assessment (EIA) Regulations (Government Notice No. R. 982 of 4 December 2014), in terms of the National Environmental Management Act (Act No. 107 of 1998); and  
• The National Water Act (Act No. 36 of 1998).

**PROJECT TITLE:**  
Proposed Mokolo Crocodile (West) Water Augmentation Project Phase 2: Water Transfer Infrastructure & Bulk Power Supply.

**PROJECT OVERVIEW:**  
Water demand will increase in the Lephalale area due to various planned and anticipated developments associated with the Waterberg coalfields. The Department of Water and Sanitation (DWS) commissioned the Mokolo Crocodile (West) Water Augmentation Project (MCWAP) Feasibility Study to investigate the options for meeting the aforementioned water requirements.  
MCWAP Phase 2 entails a transfer scheme from the Crocodile River (West) at Vlieëpoort near Thabazimbi to the Lephalale area (Limpopo Province) via a system consisting of:  
• Weir and abstraction infrastructure, including a balancing reservoir, desilting works, and a high lift pump station at Vlieëpoort (near Thabazimbi);  
• Transfer system (approximately 100 km);  
• Break Pressure Reservoir;  
• Operational Reservoir; and  
• Delivery system, consisting of a gravity pipeline (approximately 30km) running from the Operational Reservoir to the Steenbokpan area.  
The proposed bulk power supply to the site will consist of the following infrastructure (near Thabazimbi):  
• Two 132kV power lines running in parallel (approximately 4 km each); and  
• A substation with a footprint of approximately 100 m x 100m.

**APPLICATION FOR ENVIRONMENTAL AUTHORISATIONS:**  
Nemai Consulting was appointed by DWS to conduct the EIA for the project in terms of Government Notice No. R. 982 of 4 December 2014. In addition, approval will also be sought for water uses associated with the project in terms of Section 21 of the National Water Act (Act No. 36 of 1998).  
The approach to the EIA entails a Combined Application to the Department of Environmental Affairs (DEA) to seek approval for the project's sub-components in terms of the National Environmental Management Act (Act No. 107 of 1998). This notification pertains to the following components:

MCWAP-2 Components	Environmental Assessment
Water Transfer Infrastructure	Scoping & EIA process
Bulk Power Supply	Basic Assessment process

**PUBLIC MEETINGS:**  
The following public meetings will be held to allow for project-related discussions:

Sakeniuis Atterbury vestig nuwe groeifonds Elma Kloppers

Die eiendomsontwikkelaar en -belegger Atterbury Group het 'n nuwe eiendoms-groeifonds gevestig as beleggingsvoertuig vir bestaande en toekomstige bates in Suid-Afrika, Namibië en Mauritius.

Die Atterbury Property Fund begin as 'n geslote ongenoteerde fonds met aanvanklike bates van R3,1 miljard. Atterbury Property Holdings, waarin Rand Merchant Bank Holdings besig is om 'n 25,01%-belang te koop, gaan 80% van die aandele in die groeifonds hou en Atterbury se personeel die oorblywende 20%.

Dié fonds se aanvanklike eiendomsbates gaan insluit 'n belang van 10% in die nuwe Mall of Africa in Waterfall, Midrand, 'n 15%-belang in die Bagatelle Mall of Mauritius, 'n 25%-belang in The Grove Mall of Namibia in Windhoek, die Riverwalk-kantoorpark in Pretoria en KPMG se Hillside-kantore in Lynnwood, Pretoria. Atterbury het ontwikkelings van R2 miljard in die vooruitsig, wat teen voltooiing ook in die Atterbury Property Fund gehuisves sal word.

Wouter de Vos, uitvoerende hoof van die fonds, sê die Atterbury Property Fund sal die bates op gunstige voorwaardes van Atterbury verkyr in ruil vir finansieële steun tydens die ontwikkelingsfase. "Dit kan uitstaande finansiële opbrengste vir aandeelhouers tot gevolg hê."

Onder die toekomstige ontwikkelings tel die 18 000 m<sup>2</sup>-uitbreiding van The Club, 'n ontwikkeling vir gemiddelde gebruik oorkant die Pretoria Country Club, waar bouwerk na verwagting vroeg volgende jaar gaan begin. Dan is daar ook 'n R850 miljoen-nywerheidspark, wat op 'n prima perseel in Gosforth Park, Germiston, ontwikkel gaan word.

Die fonds het 'n langtermynbenadering, wat beteken dat aandeelhouers nie vir die eerste paar jaar uitkerings gaan ontvang nie.

Louis van der Watt, uitvoerende hoof van Atterbury Group, sê die nuwe fonds gaan Atterbury vol vertroue die toekoms in neem. "Ons is opgewonde oor die volgende fase wat op ons reis voortent."

Atterbury, met 22 jaar op sy kerfstok, is bekend vir die vestiging van eiendomsfondse. Die genoteerde Attacq kom uit die Atterbury-stal en so ook die voor-malige Attfund, wat in 2011 aan Hyprop verkoop is.
