## ENGLISH TRANSLATION

I am an individual who is seeking employment  
& I reside in the area where the water project  
is going to take place.

The following environmental considerations  
need to be taken into account:

- Planting trees in the river pollute the water.
- Soil erosion
- Inappropriately dumped waste could cause  
the water pipes to block.

**ISIGELO SOKU UNYAZIZWA KOKUSINGQONGILEYO

## ENGLISH TRANSLATION

I am involved in this project because I am resident of this area. This project is going to reduce poverty. My role is to ensure that the river is not contaminated & waste is disposed of in an appropriate manner.

The following environmental considerations need to be taken into account:

- Having plants in the river could pollute the water.
- Dumping cans in the river also pollutes the water.

## ENGLISH TRANSLATION

I own land in the designated project area.  
I reside in the ward where the project is taking place.

The following environmental considerations need to be taken into account:

The majority of youth in this area are unemployed. The success of this project will provide work so that the youth spend their time at work instead of drinking alcohol. Water is a scarce resource in the area.
