MEDIA ADVISORY

Clear Rivers Campaign

12 July 2016

Rivers are the assets of a nation and the Department of Water and Sanitation (DWS) has therefore adopted a premise that healthy rivers allow for a healthy nation. Given the drought conditions faced across the country, national campaigns around water use efficiency and protecting the environment requires collaborative action by communities in partnership with the government and business.

In order to achieve the above; the DWS in the Northern Cape will be cleaning the Eksteenskuil River, Langklaas Eiland, Kar Eiland and Doortjie Eiland in the Orange River.

Media are invited to attend as follows:

Date : 18 July 2016
Time : 11:00
Place : Langklaas Eiland in Keimoes
