NOTE:

Applications must be submitted on signed and dated form Z83, obtainable from any Public Service Department, and should be accompanied by a comprehensive CV as well as certified copies of qualifications and Identity Document. For all posts, please forward your application quoting the relevant reference number, to the address mentioned at each post. No late, faxed or e-mailed applications will be accepted. Note: If you have not heard from us within two (2) months of the closing date, please accept that your application was unsuccessful. Preference will be given to previously disadvantaged groups. If no suitable candidates from the unrepresented groups can be recruited, candidates from the represented groups will be considered. Successful applicants will be required to undergo standard Government security clearance procedures and verification of qualification prior to appointment. Should you be in a possession of a foreign qualification(s), it must be accompanied by an evaluation from South African Qualification Authority (SAQA). "All SMS shortlisted candidates will be subject to a technical exercise that intends to test relevant technical elements of the job, the logistics of which will be communicated by the department. Following the interview and technical exercise, the selection panel will recommend candidates to attend a generic managerial competency assessment (in compliance with the DPSA Directive on the implementation of competency based assessments). The competency assessment will be testing generic managerial competencies using the mandated DPSA SMS competency assessment tools" **People with disabilities are highly encouraged to apply for the posts.**

POST: **CONTROL ENGINEERING TECHNICIAN (Water Use) GRADE A-B REF: 130516/36**

SALARY: **R 369 408-911 355 per annum (All inclusive salary OSD package) (Offer based on proven years of experience)**

CENTRE: **Durban**

REQUIREMENTS: A National Diploma in Engineering or relevant qualification. Six (6) years post-qualification technical (Engineering) experience. Compulsory registration with ECSA as a Professional Engineering Technician (proof of registration must be provided). A valid driver's licence. Knowledge and understanding of the water sector: relevant legislations (NWA, CARA, and NEMA) together with the related policies, regulations, principles, guidelines, tools and procedures; policy development, implementation and monitoring. Skills and experience in the management of human resources. Excellence communication skills including verbal, report-writing, presentation skills. Sound interpersonal skills as well as the ability to work in a multi-disciplinary team. Willingness to work abnormal hours and under pressure as well as travel provincial/country wide. Proven liaison and networking skills especially as they relate to corporative governance and stakeholder.

DUTIES: Liaise with clients and other stakeholders to obtain outstanding information during WULA assessments. Access and evaluate socio-economic and environmental information with regard to SFRA water use licence applications, in order to advise the Licence Assessment Advisory Committees (LAACs) on allocation of water to SFRAs and on the advisability of issuing new water use licences or reviewing or altering existing licences. Technical assessment of the impact of stream flow reduction activities on the ecological and social environment. Assess water requirements for SFRA activities using models. Assist in development, implementation and review of socio-economic tools/standards for the evaluation of SFRAs water use licences. Capture and process data for SFRA allocations, GPS surveys of plantation and wetland areas. Inspect and evaluate field conditions where plantations are proposed. Liaise with other authorising departments on SFRA issues. Draft the record of recommendation (RoRs). Draft licence conditions to control/mitigate the negative impacts of water uses. Supervise junior staff in the field of SFRA Hydrological assessment.
