

water & sanitation

Department:
Water and Sanitation
REPUBLIC OF SOUTH AFRICA

DEPARTMENT OF WATER AND SANITATION
CLOSING DATE: 13 OCTOBER 2023

NOTE: Interested applicants must submit their applications for employment to the address specified on each post. Applications must be submitted using the newly implemented Z83 form obtainable on the Department of Water and Sanitation's website, under career opportunities or the DPSA website, under vacancies in the Public Service (point 4) and should be accompanied by a comprehensive CV (with full particulars of the applicants' training, qualifications, competencies, knowledge & experience). All required information on the Z83 application form must be provided. Other related documentation such as copies of qualifications, identity document, driver's license etc need not to accompany the application when applying for a post as such documentation must only be produced by shortlisted candidates during the interview date in line with DPSA circular 19 of 2022. With reference to applicants bearing professional or occupational registration, fields provided in Part B of the Z83 must be completed as these fields are regarded as compulsory and such details must also be included in the applicants CV. For posts requiring a driver's license, annotate such details on CV. Failure to complete or disclose all required information will automatically disqualify the applicant. No late applications will be accepted. A SAQA evaluation certificate must accompany foreign qualification/s (only when shortlisted). Applications that do not comply with the above-mentioned requirements will not be considered. Candidates will be required to complete a financial disclosure form and undergo a security clearance. Foreigners or dual citizenship holders must provide a police clearance certificate from country of origin (only when shortlisted). The Department of Water Sanitation is an equal opportunity employer. In the filling of vacant posts, the objectives of section 195 (1) (i) of the Constitution of South Africa, 1996 (Act No: 108 of 1996) the Employment Equity imperatives as defined by the Employment Equity Act, 1998 (Act No: 55 of 1998) and relevant Human Resources policies of the Department will be taken into consideration. Correspondence will be limited to short-listed candidates only. If you do not hear from us within three (3) months of this advertisement, please accept that your application has been unsuccessful. Faxed or emailed applications will not be considered. The department reserves the right not to fill these positions. Women and persons with disabilities are encouraged to apply and preference will be given to the EE Targets.

POST: CHIEF ENGINEER GRADE A REF NO: 131023/02
BRANCH: WATER RESOURCE MANAGEMENT
SALARY: R1 146 540 per annum (All-inclusive OSD salary package)
CENTRE: Pretoria Head Office

REQUIREMENTS: A Civil / Agricultural Engineering degree (B Eng / BSC (Eng) or relevant qualification. Six (6) years post qualification experience required. Compulsory registration with Engineering Council of South Africa (ECSA) as a Professional Engineer. The disclosure of a valid unexpired driver's license. Relevant experience in the field of Water Engineering or Integrated Water Resources Management (IWRM) or Integrated Environmental Management (IEM). Ability to relate to and work with associated professional fields in a multi-disciplinary team. Experience in planning and implementation of water projects. Good writing, communication, policy, and strategy development skills.

Duties: Optimisation and planning of water resource utilisation and development in one of the Northern, Central, Eastern or Southern Planning Regions through the evaluation of various management/development options. Identification of available water resources and development needs through multidisciplinary studies at appropriate levels of detail. Involvement in the development of water management strategies. Conceptualisation of possible solutions to meet water requirements. Evaluation of technical options and associated social, economic, and environmental impacts. Coordination and processing of inputs from a wide range of disciplines. Capacity building and mentoring of young engineers. Liaison with other organisations and parties on projects/water resource related matters (at local, regional, national, and international level). Analyses of and recommendations on financial, legal, and institutional aspects for water resource projects. Ensure management of human resources. Provide leadership and ensure good management and administration.
