Classification of water resources and determination of the Resource Quality Objectives in the Letaba Catchment

## Project Steering Committee (PSC) Meeting 2 Preliminary Programme

Date and time: Thursday, 31 October 2013 at 08:30

Venue: Tzaneen Country Lodge

### Objectives of the meeting:

- *Recap on the status of the study and monitor progress made thus far*
- *To present and discuss the hydrology, Ecological Water Requirements and proposed operational scenarios*

08:30		Registration (tea and coffee will be served)	
09:00	1.	Welcome and Introductions (2 minutes)	DWA
09:02	2.	Attendance and apologies (3 minutes)	ALL
09:05	3.	Acceptance of agenda (5 minutes)	ALL
09:10	4.	Minutes of the previous meeting (12 March 2013)	
	4.1	Actions arising from the previous minutes (10 minutes)	
09:20	5.	Recap on the status of the study: Water Resource Classification System and determination of RQOs for the Letaba catchment (10 minutes)	DWA
09:30	6.	Overview of progress made since the previous PSC meeting in March 2013 (10 minutes)	STUDY TEAM
09:40	7.	Natural and present day hydrology . modelling	STUDY TEAM
10:00	8.	Summary of Ecological Water Requirements (EWRs)	STUDY TEAM
10:45		Tea / coffee	
11:00	9.	Preliminary operational scenarios	STUDY TEAM
11:40	10.	Socio-economic Water Impact Assessment Method	STUDY TEAM
12:25	11.	Stakeholder engagement process	DWA
12:50	12.	Next steps (5 minutes)	STUDY TEAM/DWA
13:00	13.	Date of next meeting and closure (10 minutes)	DWA
13:10	14.	Lunch	All
14:00 . 15:30	15.	A work session to confirm the configuration and operating rules of the water resource models	STUDY TEAM
